all about photography

Club Foam is a dynamic group of young photography and art enthusiasts who share a strong connection to our museum. Club Foam invites you to explore the world of photography.

By becoming a member, you also support Foam's unique projects—from exhibitions highlighting emerging talent to social initiatives and innovative educational programs.

# Why Club Foam?

As a Club Foam member, you can deepen your knowledge of photography, discover inspiring cultural spots and artists, and contribute to a growing, diverse network of young international enthusiasts of photography, art and culture, aged 25 to 40.

Club Foam offers a rich program that opens the doors to the international photography scene. Every aspect of photography is covered—from masterclasses on collecting photography to meet & greets with photographers during studio or gallery visits, exclusive private tours at Foam outside opening hours, an annual personal portrait by a professional photographer, and the Club Foam dinner, in which we share updates on the latest photography trends.

The program is both inspiring and informative, but above all, intimate. Some activities are open to the entire Club, like the annual dinner, while others are limited to a smaller group of members. This creates a welcoming atmosphere where you can easily connect with Foam and with each other.

Club Foam is for anyone interested in deepening or broadening their knowledge of photography while building meaningful connections with like-minded individuals.

Club Foam is  
engaging and  
personal.
